

TOBACCO USE PREVENTION EDUCATION

NEWSLETTER

JUNE 2023

Prohibiting the sale of menthol and other flavored tobacco products will help save lives, particularly among people who are disproportionately impacted.

DID YOU KNOW?

Over 370 U.S. cities and counties and several states have passed laws restricting the sale of flavored commercial tobacco products. As of February 2023, at least ten state legislatures have proposed bills limiting the sale of flavored tobacco and nicotine products.

It is important **NOW** more than ever to keep promoting Kick It California's (KIC) free nicotine and tobacco cessation services to those in California that want to quit vaping or smoking menthol cigarettes. KIC has the flyers in English and Spanish, to promote commercial tobacco cessation in alignment with the Flavor Ban. <https://kickitca.myshopify.com/collections/all>

We would love to hear from Sacramento educators and community partners of any upcoming trainings, events, or resources you or your organization might be hosting.
